Call for Papers now. We're waiting for you in Shanghai!

Under the support of the International Union for Surface Finishing (IUSF), the Interfinish World Congresses are hosted by the members of the Union every four years with regional Interfinish congresses being hosted between every two world ones.

Established in 1984, IUSF is the alliance of associations and societies from various countries, adheres to advancing the scientific progress and education development of surface finishing science and technology. At present, the Union has 27 members from 23 countries.

Following the success of the 19th Interfinish World Congress (Interfinish 2016) on September 20th ~ 22nd, 2016 in Beijing, the Interfinish congress is coming to China again. Asia Pacific Interfinish Congress 2018 (APAC Interfinish 2018) is to be held on October 31st ~ November 2nd, 2018 in Shanghai. With the theme of "Intelligent Green Surface Treatment Leads the Future", the event will be a world class platform for sharing information and technology exchange for experts in surface finishing.

ProSF 2018 International Surface Finishing Exhibition and China Surface Engineering Association Annual Conference will be held in the same period. Related business enterprises and organizations are sincerely invited.

▲ **Date:**

Oct. 31st ~ Nov. 2nd, 2018

▲ **Venue:**

Shanghai New International Expo Center, Shanghai, China

▲ **Supported by:**

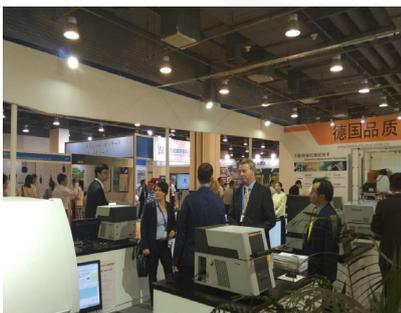

International Union for Surface Finishing - IUSF

▲ **Organized by:**

China Surface Engineering Association - CSEA

Interfinish 2016

Exhibition

▲ **Co-organized by:**

The Korean Institute of Surface Engineering - KISE

Korea Plating Industry Cooperative - KPIC

The Surface Finishing Society of Japan - SFSJ

Singapore Surface Engineering Association - SSEA

Metal Finishers' Association of India - MAFI

The Mexican Association of Surface Finishing Industries - AMAS

Hong Kong Surface Finishing Society - HKSFS

▲ **Theme:**

“Intelligent Green Surface Treatment Leads the Future”

▲ **Topics:**

- Surface & Interface Science, Basic Theory of Surface Engineering, Corrosion Mechanism etc. ;
- Industrial Coatings, Vacuum and Plasma Technology, PVD/CVD, Organic Coatings, Powder Coatings, Electroless Plating / Plating / Composite Plating / Anodizing, Thermal Spraying, Conversion Film, Hot-dipping, Anti-Rust and Lubrication, Dacromet, Pretreatment, Nanotechnology, Composite Technology and other advanced surface treatment technology;
- The application of surface treatment technology in intelligent manufacturing, cleaner production, environmental protection and other aspects;
- Wastewater / Waste Gas / Solid Waste Management, Safety Production, Industry Standardization and other surface engineering related areas.

▲ **Call for Abstracts & Papers:**

Deadline for submission of abstracts: **Apr. 30, 2018**

Deadline for submission of papers: **Jun. 30, 2018**

Abstract template can be downloaded from www.apacInterfinish2018.org, please send your *Word* version papers to interfinish@csea1991.org.

Excellent full papers could be recommended to be published in *Coatings* etc. SCI journals.

▲ **Exhibition:**

ProSF 2018 International Surface Finishing Exhibition for all related companies and organizations in surface finishing industry will be held in the same period. For more information, please contact us via expo@csea1991.org.

▲ **Language:**

The working language of the conference is English and Chinese. Simultaneous interpretation between English and Chinese will be provided in the main venue. For the parallel sessions, it will be in either English or Chinese accordingly.
