Surface Finishing

ISF[®] 2024

Metal Finishers' Association of India (MFAI) is pleased to announce the organising of a three-day Conference and Exhibition INDIAN SURFACE FINISHING 2024 (ISF 2024)(Under the auspices of IUSF) from 14th to 16th February, 2024 at Hall no 15 [India Exposition Mart Ltd. Greater Noida-NCR.](#)

Following the grand success of ISF 2017, the subsequent event ISF 2020 which was to be held in Mumbai was cancelled at the last minute due to the Covid pandemic and other unavoidable reasons. ISF 2024 would provide various opportunities to the surface finishing fraternity from the industry as well as academic institutions. Exhibitors can showcase their products, processes and services. Scientists and researchers from industrial research centres, national laboratories, universities and other institutions can present papers on the on-going work and emerging areas of surface finishing technology, including nano-technology, development of eco-friendly processes to replace hazardous processes and so on. For the delegates, ISF 2024 will provide an opportunity to know the latest technologies in the field of surface finishing, interacting with members of the fraternity & developing new contacts with firms and institutions.

We will also be holding 3 day conference and also publish a souvenir to commemorate the event.

Details for the same will follow soon.

AS the technology is upgrading and becoming need of the hour as we saw during the Covid lockdown more and more activities are moving online. In this edition of ISF 2024 even we are moving online.

You will receive the layout of the exhibition payment terms and other information preferably by mail and Whatsapp also. Everything will be also available on our website www.mfai.org . As the bookings will be done online please choose your stall of preference immediately and reserve it by returning mail. Once the stall is booked by someone it will not be allotted to anyone else if he/she complies with the terms and conditions specified in a separate attachment. The stall booking position will be upgraded twice a day everyday till the stalls last.
